Bush Craft

What it includes:

On our bushcraft school tour, students will take part in hands-on outdoor activities designed for their age group. They'll learn practical skills such as building a simple shelter, identifying useful plants, finding water, and basic navigation. The experience is fun, interactive, and helps build confidence, teamwork, and a deeper connection to the natural world.

Duration: Half Day

Ages: 2nd to 6th class

Price: €28/child

Outdoor Survival

What it includes:

Depending on group size and time, students may try activities such as fire starting, using basic tools, foraging and cooking wild plants, building shelters, purifying water, and tracking wildlife. These hands-on challenges help students build confidence, teamwork, adaptability, and problem-solving skills while learning how to work together outdoors.

Duration: Full Day

Ages: 4th class to Transition Year

Price: €28/child

Foraging

What it includes:

Find out what wild weeds, leaves and flowers are edible! Taste dandelions and daisies, learn how to eat a raw nettle leaf without getting stung, and make a wild herbal tea.

Duration: Half Day (4 hours)

Ages: 2nd to 6th class

Price: €28/child

Minimum amount of children: 12
